AR221 Ranch Horse Riding

The purpose of the ranch riding class is to measure the ability of the horse to be a pleasure to ride while being used as a means of conveyance from performing one ranch task to another. The horse should reflect the versatility, attitude and movement of a working ranch horse riding outside the confines of an arena. The horse should be well-trained, relaxed, quiet, soft and cadenced at all gaits. The ideal ranch horse will travel with forward movement and demonstrate an obvious lengthening of stride at extended gaits. The horse can be ridden with light contact or on a relatively loose rein without requiring undue restraint, but not shown on a full drape of reins. The overall manners and responsiveness of the ranch riding horse to make timely transitions in a smooth and correct manner, as well as the quality of the movement are of primary considerations. The ideal ranch riding horse should have a natural head carriage at each gait. For rules regarding correct Western appointments, refer to AR144.

1. Each horse will work individually, performing both required and optional maneuvers. Horses will be scored on the basis of 0 to 100, with 70 denoting an average performance. Each maneuver will receive a score that should be added or subtracted from 70 and is subject to a penalty that should be subtracted. Each maneuver will be scored on the following basis, ranging from plus 1 1/2 to minus 1 1/2: -1 1/2 extremely poor, -1 very poor, -1/2 poor, 0 correct, +1/2 good, +1 very good, +1 1/2 excellent. Maneuver scores are to be determined and assessed independently of penalty points.

2. The required maneuvers will include the walk, trot, and lope both directions: and the extended trot and extended lope at least one direction; as well as stops, and back.

3. Three optional maneuvers may include a side pass, turns of 360 degrees or more, change of lead (simple or flying), walk, jog, or lope over a pole(s); or some combination of maneuvers that would be reasonable for a ranch horse to perform.

4. The maneuvers may be arranged in various combinations with final approval by the judge.

5. The overall cadence and performance of the gaits should be free -flowing and ground covering all gaits, with an emphasis on forward movement. Transitions should be performed where designated, with smoothness and responsiveness.

6. No time limit.

7. One of the suggested patterns may be used (from the current AQHA Handbook and found on AHA website), however, a judge may utilize a different pattern as long as all required maneuvers and the three (or more) optional maneuvers are included.

Should a judge use one of his/her own patterns, it is recommended to not have the stop following an extended lope.

8. The use of natural logs is encouraged.

9. Posting at the extended jog is acceptable.

10. Touching or holding the saddle horn is acceptable.

11. Hoof polish is discouraged.

12. It is customary to not remove the hair from the insides of the ears, but horses with clean clipped ears will not be penalized.

13. Trimming of the bridle path, fetlocks or excessive (long) facial hair is allowed.

14. Appointments with silver should not count over a good working outfit. Silver on bridles and saddles and the use of weighted reins is discouraged.

15. Ranch Horse Penalties - A contestant shall be penalized each time the following occur:

Ranch Rail Pleasure:

Class Specifications: This class is intended as a rail class. Horses to enter at walk or jog in either direction at discretion of the judge. Entries will be worked both directions of the ring at all qualifying gaits (walk, trot, extended trot, lope, and extended lope). The horse should be well-broke, relaxed, quiet, and cadenced at all gaits. The horse should be ridden on a relatively loose rein with light contact and without requiring undue restraint. The horse should be responsive to the rider and make timely transitions in a smooth and correct manner. The ideal ranch rail pleasure horse should have a natural head carriage at each gait. This class should show the horse's ability to work at a forward, working speed while under control by the rider. Light contact should be rewarded, and the horse shall not be shown on a full drape of reins. The overall manners and responsiveness of the horse while performing the maneuver requirements and the horse's quality of movement are the primary considerations.

Horse should enter at the walk or trot in either direction at discretion of the judge. Entries will be worked both directions of the ring at walk, trot, extended trot, canter and extended canter. Dear USEF Participant:

USEF thanks you for participating in this competition and your support of USEF's continuous efforts to provide the safest environment possible for our athletes and other participants. Strategies for safeguarding athletes continue to evolve, and we are fully committed to keeping pace with best practices.

The purpose of this letter is to remind you that you are bound by the U.S. Center for SafeSport Code, USEF Safe Sport Policy, and [Minor Athlete Abuse Prevention Policies](#), also known as the MAAPP. This includes the SafeSport Training requirement for adult members and participants who have regular contact with or authority over minor athletes. Additionally, please be reminded about reporting obligations. Any concerns that are non-sexual in nature, please use the [USEF Safe Sport Incident Reporting Form](#) available on the USEF website. Concerns or suspicions regarding sexual misconduct must be reported to <https://safesport.i-sight.com/portal> and the authorities if a minor is involved. All of this information can be found in the USEF [Safe Sport Policy](#).

Please take a moment to review the new USEF [Safe Sport web pages](#) on the USEF website to find comprehensive resources regarding USEF Safe Sport efforts. You can also contact Sarah Gilbert, USEF Safe Sport Program Coordinator, at sgilbert@usef.org for any questions or concerns relating to the USEF Safe Sport program.

Thank you for your support and for helping us bring the joy of horse sports to as many people as possible
