President's Report

Christy reported that she is working on the Club of Excellence award documents. She attended Region 14 and reported the number of horses was reasonable and perhaps a number of smaller barns came to the show. Christy reported that there were a number of complaints about the judging being politically motivated.

Insurance is coming due soon. The IRS is still requesting information from us regarding our late payments.

Christy reported that we need to evaluate our shows and the lack of attendees.

Roberta provided an overview of Canada's National Arabian Show. Christy reported that the updates to the Youth and MidSummer Nationals facility are getting positive reviews.

Fall Classic:

Christy asked that we push hard to get our entries up. Brook and Tammi will work on a social media push.

DW Show: Brook reported that she worked the DW show. She reported that there were 8 horses that reported their points to Arabians Unplugged but there appeared to be more $\frac{1}{2}$ arabs.

Agenda and Resolutions Committee: There are 19 resolutions for convention, but we do not have information on the details.

Laura reported that individual barns are forming their own clubs. The board discussed the pros and cons of this movement.
